Alaska's Inside Passage

MAKE THIS THE YEAR YOU FINALLY GO TO ALASKA.

Your clients always talk about going to Alaska, and now is a great time to make their dream a reality. With Early Advantage Savings and free or low air add on airfare to Juneau, 2008 is the perfect opportunity.

A SHIP BUILT WITH ALASKA IN MIND

Alaska is one of the few remaining places where you can still see nature in an untouched state. On the Empress of the North, your clients get a close-up view of rugged fjords, towering glaciers and abundant wildlife that they simply can't get on a larger ship.

Take it all in on this award winning ship, with well-appointed staterooms featuring expansive viewing windows, private verandahs, and spa quality amenities.

With our specially designed itineraries, onboard Discovery Guides, and included shore tour adventures, we'll make sure they don't miss a thing, from a pod of whales off the bow to the towering 30-story glaciers.
